ANNUAL MEETING OF SHRINE CLUB

Nobles Hold Annual Election of Officers at Willingham Bridge.

The annual meeting of the Ken-Tenn Shrine Club was held at Willingham Bridge, yesterday, with a good attendance of Nobles of the Mystic Shrine from Hickman, Fulton, Water Valley, Clinton and Union City. This being the annual meeting of the club, the following officers were elected for the ensuing year:

Noble Hugh Smith, Union City, President.
Noble Jodie Browder, Fulton, First Vice President.

Noble J. M. Hubbard, Hickman, Second Vice President.

Noble T. M. Franklin, Fulton, Third Vice President.

Noble L. J. Goode, Fulton, Secretary.

Noble Paul Hornbeak, Fulton, Assistant Secretary.

It was also decided at this meeting to constitute the present club an organization to which all Nobles from the district bounded on the north by Mayfield and Dyersburg on the South were eligible for the purpose of constructing a club house at Reelfoot Lake to which all Nobles of the Club would be welcomed and entitled to visit at any time. A committee composed of Noble Remberg, Hickman, Noble R. A. Clark, Union City, and Noble Hunt Singletary, Clinton, was appointed to draft by-laws and a constitution for the government of the body.

The wives and children of the Nobles were well represented at this meeting, which has become an annual event in this county. There was an abundance of good barbecued meat, fish, ice cream, cake, soda pop, Bud and red lemonade in evidence, and everyone had a corking good time. That is what the Nobles believe in, and they do not miss an opportunity to practice that part of their ritual.

PARIS TAKES SERIES.

In the series ending yesterday, Paris took two of the three games, the Wednesday game going to them through forfeit 9 to 0. Monday's game went to Paris 6 to 5, when they came from behind after the sixth inning with the score 2 to 2 against them, errors accounting for the most of the runs. Wilson for Hickman, opposed Emory in the box.

Tuesday's game the locals won 5 to 4. The count stood 1 to 0 in the sixth, but both teams got on their hitting clothes and made four runs in the last part of the game. Watkins twirled for Hickman.

Wednesday's games was forfeited when a difficulty arose over relieving McCluskey with Beach in the fourth, when the latter had been announced at the beginning of the game, the locals refusing to play, unless Beach was allowed to pitch.

WILL HAVE BARBECUE AND CANDIDATE SPEAKING

John Choate and Will Rice are planning to have a big barbecue on the 23rd of July, which is the date set for the speaking of the candidates for circuit offices here. The candidates for the county offices will also speak. They are making plans to have a big celebration on that day and the details will be announced later. It will be held in Stubbs' Park.

ENTERTAINED SENIOR CLASS.

Miss Louella Rice entertained about forty of her friends with a party at her home on Dresden road in honor of the graduating class of the Hickman High School, of which she is a member. A delicious sandwich course was served.

C. F. Stahr brought the first cotton bloom into the Courier office that we have seen this year. It was raised on the Mays farm in the lower bottom and is a well developed bloom.

MAYFIELD SCENE OF FIST FIGHT

Adams-Brand Case is Now in Hands of Graves Co. Grand Jury.

Tense excitement prevails in Mayfield and Graves County as a result of a fist fight which occurred on the public square in Mayfield Thursday between Ben S. Adams, commonwealth attorney and candidate for circuit judge, and Art Brand, candidate for sheriff of Graves County.

The trouble is said to have originated over sensational reports that have been in circulation over the town and county for the past several days.

It is said that Mr. Adams went up to Mr. Brand and said: "Mr. Brand I hear you have told several who are accused of being connected with the burning of the tobacco chute, that you had paid me some money to have the cases dropped at the oncoming June term of court."

"I did say it," answered Mr. Brand, whereupon Mr. Adams, in passing the lie, struck Mr. Brand with his fist. The fight then began in earnest and lasted for several minutes.

The men were separated by Dick Hughes, and immediately Sheriff McCain and Beedles Ryan took them to the court house. They were released upon their own recognizance until their examining trial which was held the first of the week.

The city of Mayfield has been teeming with excitement preceding and since the charge of Judge Bunk Gardner, circuit judge of the First District, to the grand jury in the Brand-Adams bribery case. It is estimated that 2,000 people, the greatest crowd that ever gathered in the court house were present to hear the judge's instructions to the grand jury, and the yard and walks leading to the temple of justice were overflowing with humanity.

Mr. Brand was not in the city at last reports and has not been seen since the afternoon of the fight. It is said, however, that he is in the country at the home of his brother-in-law.

Mr. Adams' Statement.

Mayfield, Ky., June 20, 1921.
To the Ladies and Gentlemen of the First District:

"Whereas, I, as your Commonwealth's Attorney of this District, have been accused by Art Brand, of Mayfield, Ky., of receiving a bribe from him in the cases of the Commonwealth of Kentucky against some forty-five or more men indicted for the burning of the tobacco chute in Mayfield in the Spring of 1920. I wish to say to the people of this District that the majority of witnesses in those chute burning cases against the men indicted were parties who were connected with this crime, and some of them, material witnesses, left the State as soon as the indictment was returned, and for that reason the cases were continued by the Commonwealth from term to term with an effort being made to get the Commonwealth's witnesses back that had left the State and had gone beyond the jurisdiction of the Court.

"My first knowledge of this alleged bribery was on the 28th day of May, 1921, which was Saturday. While I was here in Mayfield, Ky., in the interest of my candidacy for the office of Circuit Judge, a man by the name of Tip Ray, who is one of the men indicted for the burning of this tobacco chute, came to me and asked me if I had ever been in Chicago, Ill., with Art Brand. I told him that I had never been in Chicago with Art Brand in my life. He asked me if Art Brand had ever talked to me about their cases. I told him no. He then asked me if Art Brand had paid me any money. I told him no, and that I would not allow him nor any other man to pay me money in any case. He said then that Art Brand had come to them, the alleged chute burners, and had told them that he had met me and had an agreement with me to bribe me for \$2,000.00 not to prosecute

them, and that Art Brand told them he had carried me to Chicago, Ill., and had had me go into the presence of three witnesses and sign a contract to the effect that I was receiving \$2,000.00 to try three of the cases against the alleged chute burners at the November term, 1920, past, and that the defendants were to select the three cases to be tried, and then I was to dismiss the rest—a mock trial. I told Tip Ray that if Art Brand said that he had ever paid me any money or talked to me about those cases, he was a liar and—that that I would face him in it. Tip Ray went off and afterwards told me that he saw Brand and that Art Brand said that if they didn't shut their—damn mouths about that that he would deny that they ever paid him a cent of money, and that he would not face me.

"You will see in this print and affidavit of Tip Ray's sworn to by him part of the conversation that occurred between said Art Brand and the said Tip Ray on the 28th day of this May. You will also see an affidavit sworn to by Lubie Carter, a citizen of that community, who is not indicted nor in any way connected with the chute burning in these cases, but a neighbor and a sympathizer, in which he says that Art Brand came to him and told him that if they didn't shut their—damn mouths, that he (Art Brand) would deny their paying him a cent of money. They had a committee composed of several men, to get up funds for Art Brand at his request; that he solicited them to do that so that he could get them out of trouble; that Lubie Carter acted as the treasurer of the committee; and they say that Art Brand had them to get up \$2,065.00, the \$65.00 he told them was to cover the expenses that he claimed he incurred in carrying me to Chicago, when he well knew he was never in Chicago with me in his life.

"This committee of men afterwards came to Bardwell to see me on the 6th day of June, and said that Art Brand had requested and required them to pay him this money in green-backs and that it was in different payments, and that on one occasion the only evidence they had that they had paid him was that they lacked a few hundred dollars of having enough money made up among the boys to pay him and that they had to give him some small checks, and that they have found the checks were cashed by him. From some source, Art Brand has learned that they had the cancelled checks, and now he states, \$65.00 I am informed, that he did get the money from them, but paid it to me in Mayfield, Ky., and in Fulton, Ky., and that he has no contract signed by me nor was it in the presence of any witness or witnesses, but that he just paid it to me and he and I were by ourselves.

"Now, I wish to further state before God and man that this man, Art Brand, never in his life was with me in Fulton, Ky.; that I never saw him in Fulton in my life; that he never in his life anywhere mentioned the chute cases to me, nor offered to pay any money, and if he had, I would have mashed his mouth and had him arrested in addition, and that I learned that he was putting out his talk that he had paid me after he learned that he was caught and that he couldn't deny receiving the money from these chute burners. I went to him on the street and asked him if he had told it and he said he did, and then there I went into his collar, and I refer you to the sworn affidavits of Lubie Carter and Tip Ray in which they state that he started out to deny that they had paid him any money until he learned they had the cancelled checks on him.

"I trust the good people of this district will fully investigate this man, Art Brand, and that nobody will believe the lie that he has told, for there is not a word of truth in his statement or statements that he paid me, for he did not do it.

"Respectfully,
BEN S. ADAMS."

Folsomdale, Ky.
Graves County, Ky.
June 16, 1921.

The affiant, Tip Ray, states that on May 28, 1921, the said Art Brand, came to him in Mayfield, Ky., on the street and said "Tip, what in the hell made you go to Adams?" Says you are the—damn man that I ever thought would have gone to Adams." I said, "I have a right to believe you have not paid Adams on account of holding some money I had paid you to pay Lubie Carter." I told Art Brand that Adams said you was a liar and a—damn—and that you have not paid him any money nor said anything to him about the case and that he would face you, and Art then said he would not face Adams nor anybody but would deny making a deal with Adams or us citizens if you (Tip) shove this on me, I will deny receiving any money from you all or paying Adams any money. Art Brand also said if I would keep my—damn mouth shut, that he (Art) would take up a \$1,000.00 note that we boys had executed to the Exchange Bank. This note was for money, \$765.00, a part of the \$1,000 note we paid to Art Brand, and he said if I would keep my—damn mouth shut, he would take the note out of the bank and pay my part of the note. Art Brand told and represented to us, the committee, that he had Adams paid and he, Adams, was to try three of the cases and the defendants were to select the three to be tried, and then Adams was to dismiss the rest of the cases, and this was to be done at the last November term of the Graves Circuit Court last year, 1920.

General Report.

To the Board of Education, City of Hickman:

Gentlemen: Complying with the provisions of the Fourth Class City School Law, I submit herewith my annual report.

In this report I have endeavored to give faithful and accurate account of the progress and present condition of the schools.

Enrollment.

There has been a steady growth in the enrollment for the past five years. In 1916 there were 771 pupils enrolled in school, while during the past year there were 971 enrolled in school, making a gain of 200 or about 26 per cent during the past five years.

Retarded Pupils.

The matter of retardation of pupils is attracting the attention of all progressive teachers. When an individual pupil fails to make a grade the fact is considered insignificant, but is assumed alarming proportions when considered in the aggregate. While there is no definite data of the percentage of those falling by the wayside, yet it is well known that many are failing each year to make their grades. Teachers, Principals and Superintendents have been endeavoring to reduce the number of these delinquents, and our labors have been in a measure rewarded. We have found among the causes of retardation these: Indifference of parents to the needs of their children; indifference of pupils; irregularity of attendance; and last and saddest of all, dissipation in the form of bad habits learned by the children while yet very young. After a pupil fails to make his grade, whatever the cause, he generally becomes discouraged, loses interest in school, and often falls utterly.

The High School.

In 1916 there were 50 pupils enrolled in high school, during the present year the enrollment was 84, making a gain of 68 per cent. In spite of the various handicaps the growth has been good, and only proves that a great demand exists among our people for higher education at public expense. Four able and experienced high school teachers are now employed, laboratories have been equipped and a splendid library is used by the pupils.

The four years course of study laid

out has been approved by the State Board of Education, and our schools has been placed in the highest class of accredited secondary schools. The work that is being done is most thorough and contemplates the preparation of pupils for happy and efficient lives.

Recommend Improvements.

While our schools are doing good work, yet we need a number of improvements. Our greatest need at the present time is more room for the pupils. Many of the rooms are crowded and it is impossible for a teacher to do the best work under the present conditions. When a teacher is trying to teach 75 or 80 pupils in one class it is impossible to get the best results. The school grounds should be equipped with apparatus for the exercising and development of the bodies of the pupils. "A sound mind in a sound body" is indispensable to the highest health, happiness and usefulness of the child.

The congregation of large bodies of children offers the greatest opportunity for the spread of contagious and infectious diseases. For this cause it is important to have medical inspection of the schools. Much loss of time and money, great suffering and some loss of life may be prevented by timely action.

Home Economics and other phases of industrial education should be introduced into the advanced grades and high school as soon as possible. The demands of the times make it imperative. Children must be taught to think right, have proper feeling toward all things and to do things intelligently.

Conclusion.

In closing this report, I desire to thank the Board of Education, the patrons and all others for their confidence and support. The children of Hickman have a right to expect the best superintendent and corps of teachers that can be employed, and the tax payers have a right to demand it. Only one claim, that of merit, or efficiency should be considered in the employment of these.

I recognize with gratitude the hearty support given me by the Parent Teachers Association in all their efforts to improve our schools.

To the teachers and pupils, I extend profound thanks for their sympathy and cooperation. Our labor has been one of mutual pleasure, and let us hope, of great profit to the community.

Finally, let us turn our eyes from the past to the future more promising, and let our unselfish Board of Education, our faithful band of teachers, a patient public and all other factors of our community work together for one great purpose—better schools for a greater Hickman.

Respectfully submitted,

J. M. Calvin, Superintendent of City Schools.

HICKMAN-FULTON CONSOLIDATION

At the final meeting of the directors of the Fulton and Hickman directors in the discussion of the consolidation of the two teams it was decided that nine Hickman players should be kept and seven Fulton players, making a total of sixteen men. It is understood that Hauglie, Fulton catcher, will be manager, with Thrasher, local center-fielder as captain. Col. C. L. Walker was named as president of the club. The first game is with Madisonville at Fulton today.

Willie Jones had the misfortune to break his collar bone, when the horse which he was riding while running a cow in West Hickman, missed his footing on a sidewalk and fell, throwing him off.

LOCAL MERCHANTS TO HAVE TRADE DAY

Numerous Bargains Are Offered to Induce Buyers on July 1.

The progressive merchants of Hickman have arranged to have an especial day set apart for the offering of bargains and inducements to the buyers and four pages of this week's Courier have been devoted to the announcement of what is to be known as Hickman's Trade Day. These announcements will be found in the second section of The Courier.

The day which has been selected for this Trade Day is Friday, July 1. On this coming Friday (24th) the merchants will start to giving away with every dollar purchase a coupon on which will be a number. The stubs to the coupons will be kept by the merchants and all will be put together and from all these numbers will be drawn, the lucky ones entitling the holders to the various prizes offered by the merchants.

The Courier is also offering \$50 in prizes for the first five correct answers to a puzzle which is explained on the front page of the second section. Read the instructions for the solving of the puzzle and then try to win one of the prizes. The time limit for receiving these answers is 3 o'clock p. m. June 30th. A committee of impartial judges has been selected for this contest and every thing will be conducted in a fair and square way.

The time for the drawing of the coupons in the merchants' contest will be announced later.

COMMUNITY MEETING.

There will be a meeting of the people of this community on Library hill on Thursday evening (this evening) at 7 o'clock for the purpose of promoting good fellowship and pleasure. There are no charges and no money contributions of any kind are expected. Just bring your family, your best smile and laugh with us, sing with us and be glad. It will do you good in every way.

A good program of stories, songs and games has been arranged. Three of the town's best talent in story telling have been secured. Prof. Kirkpatrick, who is at the head of the Summer Normal School here, will give a short address, and there will be a few other, spicy talks by citizens and best of all, everybody will sing the old songs we all love to sing.

Come, bring all of the children and find out what its all about. You will like it.

PUREBRED FEMALES FAVORED

In Opinion of Specialists Number of Purebreds of Both Sexes is Rapidly Increasing.

According to figures announced by the United States Department of Agriculture, live stock owners in the United States show a tendency toward purebred female animals as well as toward purebred sires. In fact, the use of well-bred sires appears to increase the use of good females. During the period October 1, 1919, to March 31, 1920, the quality of female stock kept in herds and flocks headed by purebred sires, was 48.3 per cent purebred, and 2.5 per cent scrub. The remaining number were grades of crossbreds. Later figures covering the period October 1, 1919, to December 31, 1920, show that the number of purebred females kept under corresponding conditions had increased to 55.9 per cent and scrubs had fallen to 2.1.

These figures are based on a knowledge of the breeding of nearly 400,000 head of animals and poultry. In the opinion of department live stock specialists, the more general use of purebreds of both sexes on farms in the United States is increasing. In about a year, it appears, the increase in the use of purebred females by purebred-sire users has been at least 7 per cent.

DEVELOP HORSES AND COLTS

Protein Feeds Tend to Produce Muscle—Concentrates Are Necessary for Work Animals.

For young horses and colts muscle development is very important. Protein feeds tend to produce this. So do leguminous hays, such as alfalfa, clover, cowpeas, soy beans and peanuts. The following concentrates are valuable: Wheat bran, cottonseed meal, rice, bran and shorts. From one to two pounds of cottonseed meal a day with the grain have been found to be very economical and highly desirable for horses doing heavy work.

"I sold as beef two purebred Short-horn bulls, one undersized, the other of poor conformation." This statement to the United States Department of Agriculture from a Nebraska stockman aiding in the Better Sires—Better Stock campaign, indicates a growing understanding that desirable sires must be of good quality in addition to being purebred.

SPRINGTIME GREENS.

There are no more appetizing, stimulating and blood-purifying substances grown than the early spring greens, and every family should indulge as freely as possible in them. The piquant appetizing water cress may be found early along streams and running brooks. Dandelion greens may be procured in almost any plot of ground; pepper grass and mustard should be sown early so that it may be used with lettuce as salad. Spinach, chard and sorrel, as well as other weed plants, are all wholesome cooked for greens.

A platter of lamb chops garnished with a generous border of water cress may be eaten with only a sprinkling of salt.

Dandelion greens found under leaves or pieces of wood are white, tender and especially delicious dressed with olive oil and vinegar with a bit of chopped onion.

The tender young onions (the multipliers), are the earliest, full of mineral salts and vitamins needed to tone up the system.

The poke in the South, the milkweed stalks, just as they appear, make most delicious eating; for asparagus lovers the milkweed makes a dish which will appeal, for it is very similar to it.

Dock and wild mustard make very good cooked greens, while the sheep sorrel, so common in field and pasture, is another.

For a simple lettuce salad there is no dressing which can take the place of the French dressing; but one which has the French dressing for a basis with other highly seasoned vegetables will make a pleasant variety such as:

Springtime Salad.—Arrange a salad bowl with well-washed, crisp green water cress; sprinkle over it three or more tablespoonfuls of finely minced green onions, stems and all. Garnish with thickly sliced red radishes and serve with a well-seasoned French dressing passed with the salad. The blanched leaves of early dandelion may be used in place of the water cress, making a most attractive and tasty salad.

Hickman's Big Trade Day, Friday, July 1st

Rules

On Friday, July 1, in Hickman will be the BIGGEST DAY of the year, as on that date the merchants of the city have arranged to have one big TRADE DAY, and will offer to the public in each line of business merchandise at greatly reduced prices; this will make it possible for you to buy anything you need at heavy reductions amounting to as much as 50 per cent; each merchant whose name is given below will offer you these rare bargains and over each of these advertisements you will see, "I Give Coupons," this being the way you can tell the live merchants who are offering you prizes absolutely FREE, and merchandise at reduced prices. See the advertisements of these live merchants, and list of prizes they are offering you absolutely FREE on TRADE DAY.

Read very carefully the rules on this page of ads how to win the \$50.00 in cash prizes offered you to assemble the words in the advertisements with the extra letters. You merely have to read these ads carefully, assemble the words together, and win the gold.

Beginning on this date, each merchant with ad that reads "I Give Coupons" will give you a coupon with each one dollar spent in his store, which is good for the prizes given away FREE on TRADE DAY, JULY 1. Be sure and ask for coupons, and the merchants will gladly tell you all about it.

HICKMAN MERCHANTS' CONTEST BEGINNING WITH THIS ISSUE.

Scattered through these ads you will find one word with a letter in it that does not belong there. Read each and find the mis-spelled words; pick out the letters that do not belong there, assemble them to spell THE NAME OF A CITY, A BIG EVENT, THE MONTH AND DAY OF THE MONTH it takes place—six words to be assembled. Address your answers to Contest Editor, care of The Hickman Courier, all answers to be in by 3 o'clock, p. m., June 30, 1921.

FOR THE FIRST FIVE CORRECT ANSWERS \$50 IN MONEY WILL BE GIVEN AS FOLLOWS: 1st, \$15; 2nd, \$12.50; 3rd, \$10; 4th, \$7.50; 5th, \$5.

This money will be given you on July 1, 1921. Merchants advertising "We Give Coupons" will give you with each dollar purchase a coupon that is good for a chance at \$500 in cash prizes and merchandise on THIS BIG DAY IN HICKMAN. Ask these live merchants about it and save your coupons. Watch this paper and don't fail to be in Hickman on the biggest day of 1921. WHEN YOU SPEND A DOLLAR, GET A COUPON.

Every ad has a mis-spelled word in it. Read them carefully.

Hickman Merchants' Contest

These are the names of the merchants of Hickman who are giving you merchandise absolutely free on TRADE DAY, and who, beginning today, will give you coupons with each one dollar purchase at their stores, good for a chance at all the prizes given on Merchant's Day. Pay your account at their store and ask for coupons, as they give you these on all accounts paid, and remember, ONLY THE STORES IN LIST BELOW are giving Coupons with each one dollar purchase, as you might win from one dollar up to fifty, and also be the lucky one for the prizes given on Trade Day. Come to Hickman July 1, and be here by 9 o'clock in the morning; get all the Coupons you can, and let's have a big day.

THE COUNTY AGENT'S COLUMN

Landscape Architect Visits Fulton Co.

Last Monday and Tuesday, Earl Reed, Landscape Architect, visited the county in the interest of beautifying the home grounds. He visited a number of homes in both Hickman and Fulton and also several country homes and school grounds. As a result of his visit to the county five homes will be beautified according to plan drawn up by a landscape architect and they will cost from \$75 to \$150 each. Mr. Reed also visited the Sylvan Shade school and looked over the grounds with a view of beautifying it and also gave many suggestions relative to developing the grounds.

This is a new type of work for most people in this section and a most important one. A hundred people see the outside of your home where only one sees the inside of it. A few dollars spent in beautifying the home grounds will make a wonderful difference in the appearance and money could not be invested in a better way both from an economic standpoint and an esthetic standpoint. The county is the place to have beautiful homes and the place where it can be done at least expense. Why should people have to come to town and see beautiful grounds? I am interested in this line of work and am ready to help any one who is interested in the home grounds.

A. T. Thompson Gets Free Trip to Lexington.

Beginning Monday, June 20th, the Junior Agricultural Club Program will begin and continue until Saturday, June 25th, inclusive. Through the courtesy of the J. B. Colt Co., New York City, one club member from each county is awarded a free trip to the College of Agriculture to attend the Junior Week Program. The club members will have a full week of practical instruction in all phases of Agriculture, recreation and a general good time. It is a great opportunity in many ways for the boys to visit the state institution and they owe a lot of thanks and appreciation to the party who made this trip possible.

New Home Demonstration Agent.

Fulton County is to have a new County Home Demonstration Agent in the person of Miss Allabach. Miss Allabach comes without any expense on the part of Fulton County and she is paid from the Federal Extension Funds entirely. Fulton County is indeed fortunate to be the recipient of such favor. Miss Allabach comes for service and she will work. The women of Fulton County have a real opportunity to secure the services of one trained in the art of better home making. Miss Allabach comes with both experience and training. Having owned a farm and successfully managed it coupled with special training in the school of Industrial Arts of Texas, from which she graduated and practical field experience since, fully equips her for work she is to undertake with us.

FULTON CIRCUIT COURT.

Wayne Thomas, Trustee — Plaintiffs
vs. Notice of Sale of Real Estate
Nora V. Taylor & — Defendants.

By virtue of a judgment and agreed order of sale of the Fulton Circuit Court, made at the January term, 1919, which order may be found in order book 23, on page 314, and which order was renewed at the May term of court, 1921, as the surviving executor, I shall proceed to offer for sale at the court house door in Hickman, Kentucky, to the highest bidder, at Public Auction, on the 11th day of July, 1921, at 2 o'clock p. m. or thereabout (being county court day), upon a credit of six (6) months the following described real estate (the sale being for the purpose of division of the proceeds amongst the heirs at law of Joshua Naylor, deceased):

First Tract: Being in Fulton County, Kentucky and being the west half of the southwest quarter of section 8, township 1, range 3, west, containing 80 acres, more or less, as shown by the deed of record in deed book 3, page 134, Fulton County Court Clerk's office.

Second Tract: Lot No. 5, in Fulton County, which includes all that part of the northwest quarter of section 8, township 1, range 3, west, and supposed to contain 80 acres, more or less, and beginning at the northwest corner of section 8, running south with the section line 159 1-2 poles to a stake; thence east to Bayou de Chien; thence running with said creek to the section line; thence west with the section line to the section corner; and the land included in the following lines: Beginning at the northeast corner of section corner of the northeast quarter of section 7, and township 1, range 3, west, and commencing at the section corner and running thence south with the section line 159 1-2 poles to a persimmon corner with mulberry pointers; thence west 38 poles to a stake with hickory and sassafras pointers; thence north 159 1-2 poles to a stake with hickory pointers; thence east to the beginning, and supposed to be 125 acres.

For the purchase price the purchaser will execute his note with approved security, bearing six per cent interest from the day of sale until paid, and having the force and effect of a judgment. I am authorized under the will and the order of sale to execute a deed to the purchaser, which with the purchase money note will be delivered by me to the Master Commissioner and by him held until the sale has been confirmed by the court at the September term.

This June 13, 1921.

J. W. Naylor, Surviving Executor under will of Joshua Naylor, deceased.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthener to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

LOTS FOR SALE.

I have for sale lots near Walnut Log Hotel, also acreage a few hundred yards away. Abstract title and also plat of lots registered. 50 foot drive way from Bayou de Chien to Lake. Lots 50 feet by 150 feet and front on drive way. Lots good for camping and clubhouse purposes if no oil is ever found. Lots going now at \$20.00. Send money to Old National Bank and get deed, not a lease but abstract deed.—J. W. Burney, Union City, Tenn. 3-2c

PATRON OF BABY CLINIC GAINS SIX POUNDS

The next Baby Clinic will be held at Dr. Hubbard's office at 3:30 p. m. on June 23, and those mothers who were unable to attend the last clinic can call then and receive the certificates of their children's previous examination. There are also one or two prizes yet unclaimed.

These Baby Clinics are growing in popularity and increasing interest is being shown. It is especially gratifying to see the improvement made in several of the children under supervision. One little boy, who has been brought regularly to each clinic has gained six pounds in weight through a change in diet and regular rest periods ordered by the nurse. With no expense to his parents, and only the exercise of thought and care he is going to improve a health and bodily strength and the same can be done for other children. These many parents who do not even know of this clinic and if every reader of this paper would look about him and suggest to such parents that they can get a free medical examination and advice at the Baby Clinic, he would be doing the little children of Hickman a real service.

Catarrhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

NEW BILL TO BE PRESENTED

It May Be in the Nature of Amendment to Road Law.

(Carlisle County News)

While at Paducah Monday the editor of The News had a short consultation with one of the leading good roads men of Kentucky and it was learned that a movement is on foot to present a bill at the next session of the legislature, the object of which will be to improve the roads in Kentucky by providing ample money to carry out any project that may be presented. The new measure may be in the shape of an amendment to the present road law.

It will be remembered that when the general assembly enacted the road law which is at present in force in Kentucky, a heavy tax was placed on whiskey. The amount of cash which would have been collected on whiskey was large and it was provided in the bill that every

cent of it was to be spent on the roads. But the distillers of Kentucky got busy and the question of the constitutionality of that section of the law that taxed whiskey was raised. The case was carried to the supreme court of the United States and that tribunal announced that it was not lawful to tax the whiskey thus. The court thought that the commodity was already high enough.

At any rate, the decision knocked the props out from under the law and the road department suddenly found that it did not have sufficient funds to carry out the plans as originally laid out.

Now the question that is agitating the minds of the road boosters is how to secure more money to make better roads in Kentucky. Some of the best financiers and road men in the state are worrying themselves over this proposition and the result will be an amendment to the present road law, or perhaps a new law altogether. That's the dope that's given out.

THREE OUT OF FOUR FROM CLINTON

Hickman took three games of the four played with Clinton last week. Thursday's game went to Clinton 9 to 2, when the local team made seven errors behind their twirlers. Wilson started for Hickman and was relieved in the second by Beach after Clinton had piled up a big lead through errors of omission and commission by his team mates. Burns pitched for Clinton and pitched a nice game.

Friday the Hickman athletes hopped on Warren in the first and second innings for a six run lead, and he was relieved by Holley in the third, who held them to five hits and two runs during the remainder of the game. Watkins pitched for Hickman and twirled good ball with the exception of two innings, when two singles coupled with an error and two wild pitches counted the fifth when a base on balls and two doubles counted two more, the game ending 8 to 7.

In Saturday's game McCluskey op-

posed Warren for Clinton. Only two earned runs were made off McCluskey, in the third when three scratch singles and a two-base hit brought in two markers. Four more were scored off him in the eighth when Pepper tripled to center after the bases had been filled through errors by the Hickman infield. Hickman hit Warren freely throughout scoring two in the first and third, one each in the sixth and seventh and three in the eighth.

Sunday's game was featured by the pitching of Nemitz who held the Clinton bunch to one fluke hit and no runs. Applegate hit a high one back of first in the fifth inning and three local athletes watched it fall between them, the tap going for a hit when none of them got to it. Nemitz struck out 13 opposing batters and was in danger of being scored on only once, in the fourth when a base on balls, a passed ball and an error by Grove put runners on second and third, but Kopley struck out for the third out. With the exception of this inning no runner got farther than first base. Hickman scored three in the first off Applegate, one in the

second and two in the fifth for a total of six runs. Two catches by Thraasher in center field and one by McEwan at second cutting off hits were also features of the game.

WATER AND RAIL HARMONY URGED

L. C. Head Says Rivers and Railways Can Work Together.

Urging harmony between railroads and the government's Mississippi-Warrior River barge line, Charles H. Markham, president of the Illinois Central Railroad, in a telegram from Chicago to the Times-Picayune at New Orleans outlined the attitude of his railroad to water transportation. He went on to record emphatically as pledging full cooperation for the establishment of through rail and water rates and routes and for the transfer of freight between the river barge and the freight car.

He urged that the transportation problem be viewed as an entity including both railroads and waterways and that the two be treated equitably, without favor to either.

His statement was in the form of a comment on the action of the Illinois Central earlier in the week in agreeing to an arrangement with the government's Mississippi-Warrior River barge line whereby transfer terminals for the interchange of freight between the railroads and the barge line are to be established within the next 75 days at Cairo.

AN EDITOR GETS INTO TROUBLE

They tell a lot of tales on the editors, but this is a new one: The editor of this paper went to attend a party given by one of his neighbors, where just a few weeks before the home had been blessed with a new baby. The hostess met him at the door, and after the usual salutation, he asked after the baby's health. The lady was hard of hearing, had a bad cold, and thinking he was asking about herself, answered that although she usually had one every winter this was the worst one she had ever had; it kept her awake at night a great deal, and at first confined her to her bed. Then noticing that the editor was acting strangely, she said she could tell by his looks and actions

that he was going to have one just like hers, and she asked him to come in out of the draft and sit down.—Exchange.

HINDMAN HAS WITHDRAWN

Announcement has been made by L. L. Hindman of Clinton, who has been a candidate for commonwealth attorney

that he has withdrawn from the race on account of ill health. This leaves three candidates in the race, J. D. Via, of Hickman County, T. J. Martin, of Graves County, and M. C. Anderson, of Ballard County. The race as at present promises to be one of interest.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

BEING STRAIGHT.

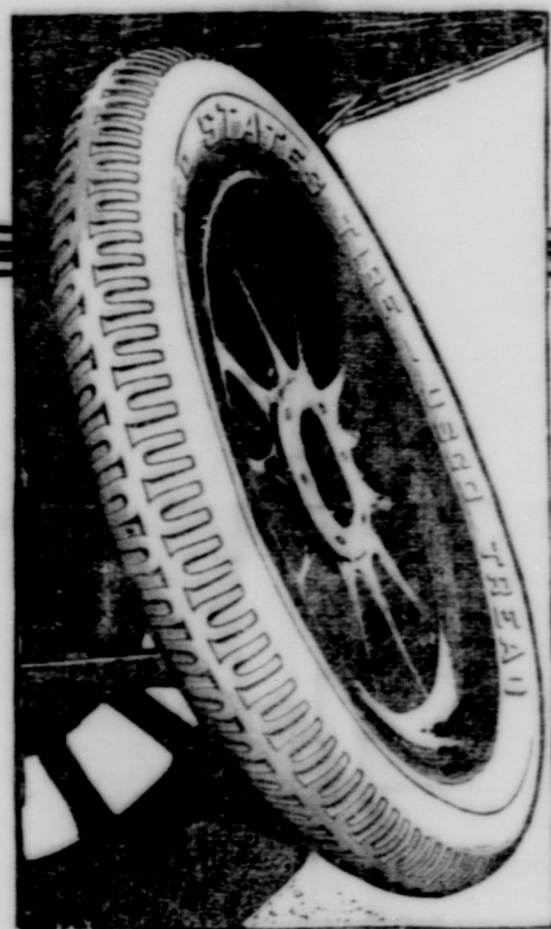

Nothing can come of it—not being straight. The blossoms and beauty and goodness of fate. Are born for the lowly, the humble and wise. Who keep the clean faith of the infinite skies. And manly and upright in honor of dead. Making living life straight the real core of their creed.

Nothing can come of it—not being right. The joy and the laughter and music and light. Are made for the fellows who stand in the sun. And are never ashamed of the things they have done. And are proud to have battled with self and come through. As sweet and as clean and as fresh as the dew.

Nothing can come of it—not being square. The birds and the blossoms, the trees and the air. Are meant for the strugglers who stand forth and cry. They're right to look up with their face to the sky. For with them the old justice and kindness and truth. Have kept them clean-hearted in old age and youth.

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a quality standard tire.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight quality tire facts—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are fresh, live tires. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of quality first every time

"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

"His first experience with U. S. quality standard tires."

REINEY RESIGNS AS FULTON MANAGER

Center Reiney, who has been the pilot of the local baseball team since the first of the season, resigned his position yesterday, and his resignation has been accepted. He viewed yesterday's game from the stand.

Haughee, the popular substitute catcher, has been appointed manager and is now in charge of the team.

Some difficulties had arisen among the families of the ball players, and Reiney deemed it best that he should sever his connection with the team. His business interest in Caruthersville also demanded his attention, and he will return there at once, according to our information.—Thursday Fulton Leader.

WISEMAN-BLACK.

Harvey Wiseman, popular mail carrier on rural route No. 4, and Miss Bertha Black, of near Oakton, went to Fulton Sunday, June 5, where they were quietly married at the home of the Rev. Mr. Warren, pastor of the Baptist Church there. They were accompanied by Miss Flossie Wilmoth and Aaron Illif, of near Fulton. After the wedding the couple returned to the home of the groom's mother where they are now at home to their friends. Mrs. Wiseman is the popular daughter of Mrs. C. B. Johnson.

Dodson's Liver Tone

Killing Calomel Sale

Don't sicken or sallowate yourself or paralyze your sensitive liver by taking calomel, which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

WALLACE'S LIVERADE aids the liver.

SOOR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught Liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. 2-5
